

1. From any browser, type <https://remote.massey.ac.nz> and select install VMware Horizon Client.

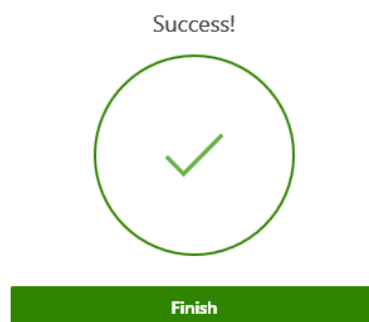

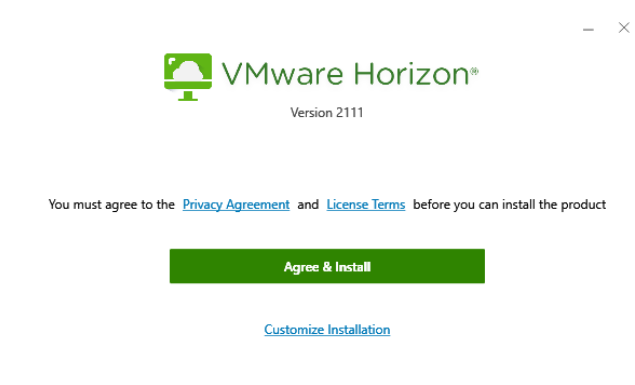

HTML Access is useable but not recommended, because there are limitations including no redirection of local USB devices, printers, drives or the clipboard.

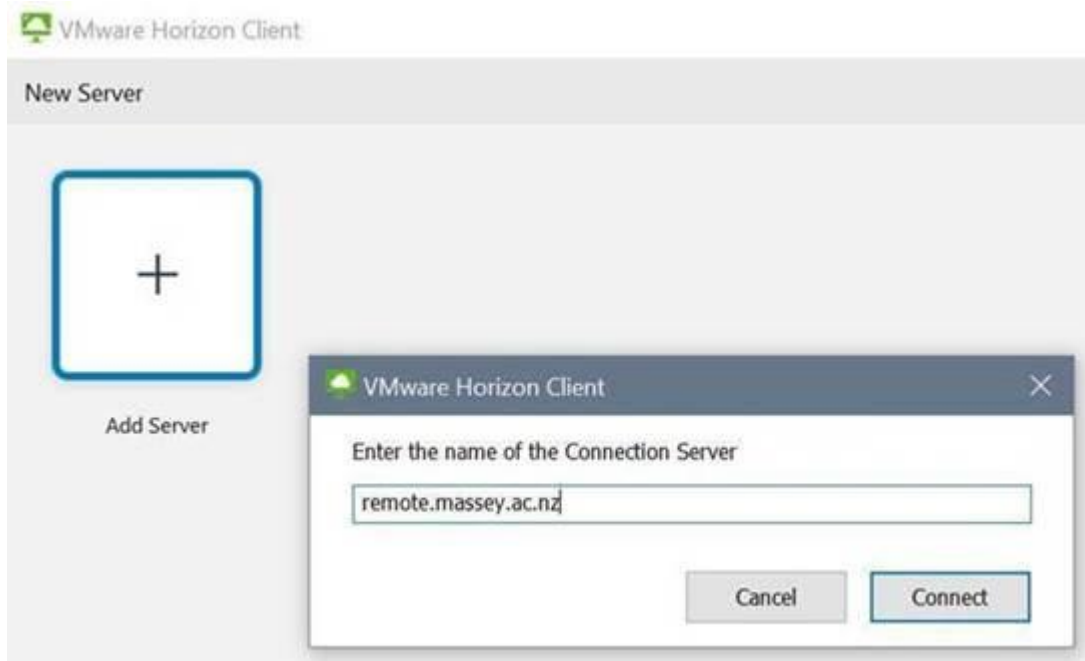

2. Install the client to suit your OS:

Product Downloads		
Drivers & Tools   Open Source   Custom ISOs   OEM Addons		
Product	Release Date	
▼ VMware Horizon Client for Windows		
VMware Horizon Client for Windows	2020-08-11	GO TO DOWNLOADS
▼ VMware Horizon Client for Mac		
VMware Horizon Client for macOS	2020-08-11	GO TO DOWNLOADS
▼ VMware Horizon Client for Linux		
VMware Horizon Client for 32-bit Linux	2020-08-11	GO TO DOWNLOADS
VMware Horizon Client for 64-bit Linux	2020-08-11	GO TO DOWNLOADS

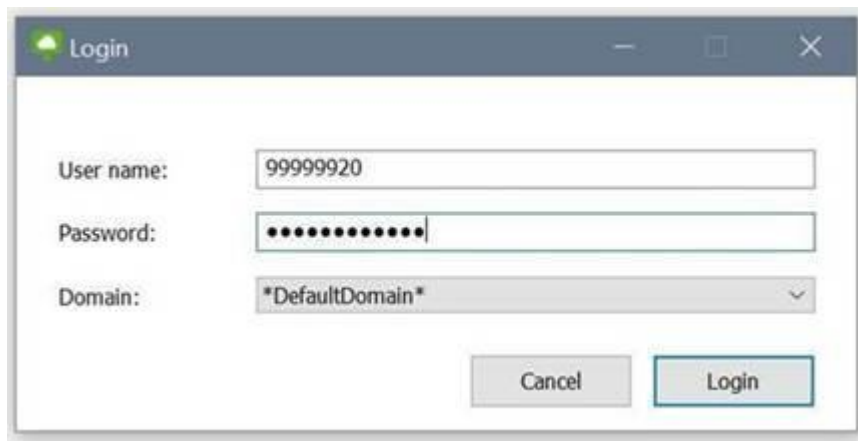

3. Launch VMware Horizon Client from the desktop or Start Menu, then double click on Add Server and type: **remote.massey.ac.nz**

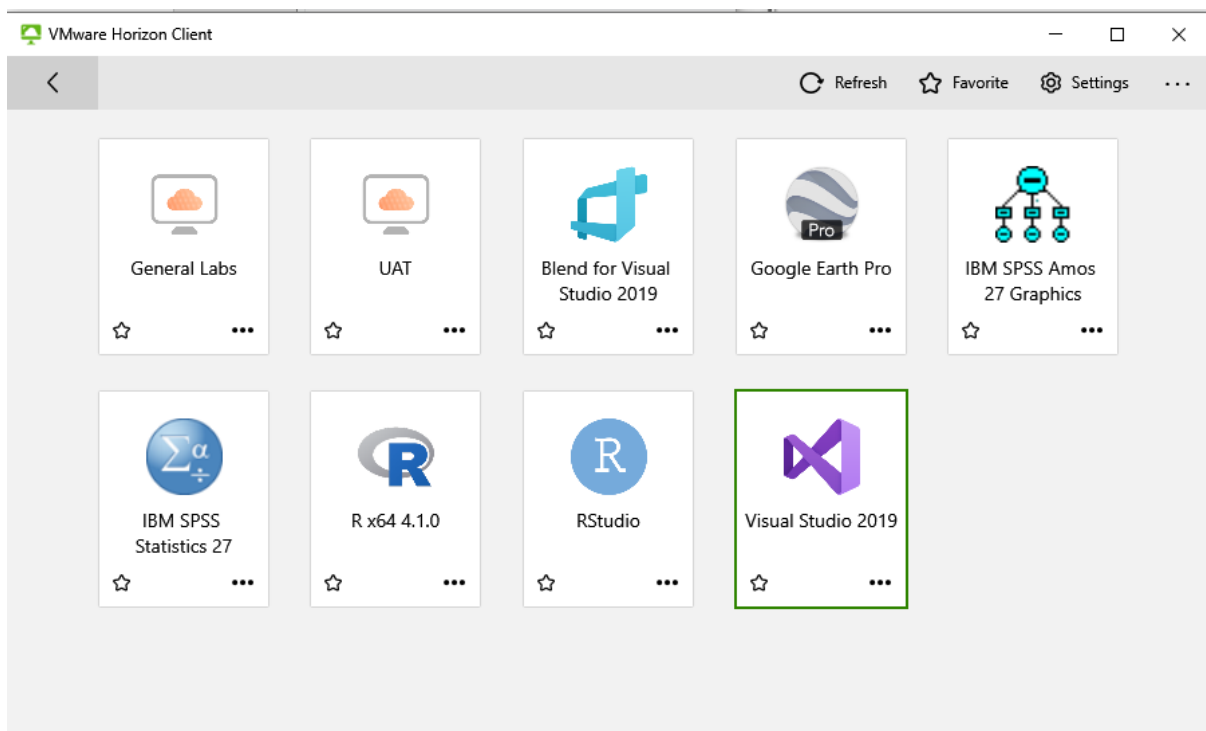

You might need to restart your computer.  
Now, add the connection Server: remote.massey.ac.nz

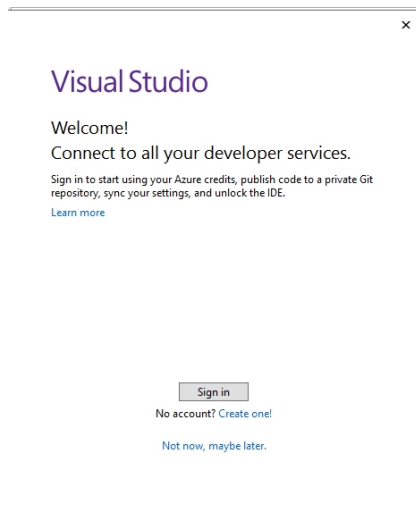

Double click the server you just added, and log in with your credentials:

You can then double click on the application or virtual machine you want to launch, e.g., Visual Studio 2019

Once Visual studio opens, students do not need to sign in again. You can just click on: Not now, maybe later.

Then choose your Color theme to start Visual Studio.
